REPEAL THE TAX HIKE!

The lame-duck 96th General Assembly recently passed a 67% income tax increase on working families and a 46% tax increase on Illinois employers. This $7 billion tax increase hurts families and will drive jobs out of Illinois.

We, the undersigned petitioners, support Rep. Jil Tracy's effort to repeal the tax hike. We support passage of House Bill 175, which would return Illinois' income tax rate to 3% for individuals and 4.8% for employers. ***Illinois needs real spending reforms, not higher taxes.***
